RUSSO-POLISH TRUCE MOVE FAILS

WOMAN TELLS NEW STORY OF SHOOTING AT CAMPOLO HOME

Witness' Unexpected Move Results In Continuance of Billoto Hearing.

ACCUSED AGAIN JAILED

Mrs. Lena Pasquella Denies Knowledge of Double Tragedy.

Because of contradictory evidence, the preliminary hearing of Francesco Billoto, of Uhrichsville, alleged murderer, was continued Tuesday by Probate Judge S. W. Crawford at Lisbon until Wednesday, August 11.

Billoto who is being held in Lisbon charged with first degree murder in connection with the shooting of Dominick and Joseph Campolo, of this city, was returned to jail without bond. He was represented in court Tuesday by Attorney Frank Grosshans.

Mrs. Lena Pasquella, held as a material witness in the case ,told an entirely different story of the shooting when brought before Judge Crawford Tuesday. She told the court that she did not see the fight in Dominick Campolo's home and did see a gun in Billoto's hand. She stated that she did not know the two men who were visiting at the Campolo home.

The woman gave another version of the shooting when questioned by Prosecuting Attorney Walter Beck in jail a few days ago. She stated then that she had seen Billoto with a gun and that he was the only man in the group who was armed with a gun.

McCLURE PROPERTY IS SOLD TO DR. BAUM

Dr. J. D. Baum, of Newell, has purchased the frame residence, corner of West Sixth and Jackson streets formerly owned by the William McClure heirs.

The property will be occupied for the present as a residence. A suite of office rooms will be established on the ground floor later, Dr. Baum said. Dr. Baum resides at present in Newell and maintains offices in the Oyster building.

The deal for the purchase of the building was closed a few days ago. Edward McClure, West Sixth street, acted as representative for the McClure heirs.

JAIL SUSPECT IN KIDNAPING

Federal Agents Believe Abduction of Coughlin Baby is Solved.

PHILADELPHIA, Aug. 3.—Federal agents here today believed they had virtually solved the mysterious kidnapping of baby Blakely Coughlin from his Norristown, Pa., home early two months ago by the capture of a foreigner, either a Pole or Italian, in a swamp near Egg Harbor, N. J. The government authorities declared the man had admitted stealing the baby of Mr. and Mrs. George H. Coughlin for whom the police of the entire nation have been searching since June 2.

The foreigner was trapped in the swamp when he attempted to collect a second ransom of $10,000 which the baby's father had hidden there in reply to a threatening letter. The agents, after the capture, refused to say whether they had obtained any trace of the baby's fate or whereabouts.

The suspect is a man of about 45 years old. He surrendered without resistance. The authorities believe the man arrested is only a member of a band responsible for the kidnapping.

A reward of $2,500 was offered and later increased to $10,000 for the recovery of the child. The father then raised it to $12,000 and dealt directly with the kidnapers. On the night of June 14, he hid the ransom near his home, which the kidnapers obtained, but the baby was not returned.

Baby Coughlin was kidnaped from his crib in the nursery of the Coughlin home at Norristown on the night of June 2.

COLLAPSE OF PARLEY FOR ARMISTICE DUE TO RUSSIAN ACTION

Negotiations Are Broken Off When Lenine Delegates Demand Complete Discussion of Peace Terms---Polish First and Fourth Armies Are In Full Retreat, Leaving Wide Gap Open.

By NEWTON C. PARKE

PARIS, Aug. 3.—Armistice negotiations between the Poles and Russians have been broken off, according to official advices received by the French foreign office today.

The collapse is reported to have occurred when the members of the Russian delegation demanded a complete discussion of peace terms.

The Polish first and fourth armies are in full retreat, leaving a wide gap open through which red troops are pouring, the advices to the foreign office stated.

The Polish envoys, according to the fereign office dispatch, informed the Russians they were not authorized to discuss peace, but only armistice terms.

The Polish envoys, according to the foreign office dispatch, into consult their government. They announced that, if they obtained authority to discuss peace, they would meet the Russians at Minsk on August 4.

The Polish counter offensive is reported in official advices to have collapsed.

The Polish first and fourth armies were holding the front north and northeast of Warsaw.

Their retirement is said to have opened the way to the Bug river, towards which the red forces are now advancing. The Bug river flows north of Warsaw and empties into the Vistula at Nowy Dvor, 15 miles west of the Polish capital.

FALL OF BREST-LITOVSK REPORTED; FIGHTING RAGES

Polish War Office Claims Russian Drive On Warsaw from North Has Begun to Weaken.

LONDON, August 3—Official announcement of the capture of the fortress of Brest-Litovsk by the Russians was contained in a soviet war office communique wirelessed from Moscow today. Russian troops occupied the city Sunday, capturing "prisoners and trophies," the communique said.

Violent fighting was still in progress between the Poles and Russians northeast and southeast of Warsaw today with both sides claiming success.

The Polish war office claims that the Russian drive on Warsaw from the north had begun to weaken, while the soviet war office at Moscow reported that the Poles were in retreat south of the Narew river with the Russians in pursuit.

On the old Galician frontier, southeast of Warsaw, where the Poles are undertaking a counter offensive both sides claimed to be advancing.

According to a dispatch from Vienna, quoting advices received in that city from Warsaw, the Russians were compelled to withdraw several cavalry divisions from Galicia to put down a revolutionary movement in Ukrainia.

The Russian army has been ordered by Moscow in a wireless message to continue fighting until August 4, when the armistice conditions will be given to the Poles in detail, according to an Exchange Telegraph dispatch from Vienna today. The Vienna telegram said that the Moscow radiogram had been picked up in Vienna.

A news agency dispatch from Warsaw said that the Russians were insisting upon "secret diplomacy" at the armistice negotiations. This dispatch said that the Polish government had sent a wireless proposal to Moscow that correspondents be allowed to attend the Baranovitshi parley, but the soviet rejected it.

WASHINGTON, August 3 — The state department has taken no action for the removal of the American legation at Warsaw or to warn Americans to leave the city because of the reported Russian advance on that place, it was announced this afternoon.

Advices from John C. White, in charge of the Warsaw legation, indicate the strength of the Rusian army and its ability to reach Warsaw, have been greatly exaggerated, it was said at the state department.

BY FRANK CHARLTON

NEW YORK, Aug. 3.—The Russian central soviet government has completely revealed its hand in the break off of armistice negotiations with the Poles as reported in official advices to the French foreign office today.

There is every indication that Russia desires to impose her will on Poland and dictate her own peace terms without allied interference while the powerful Bolshevik army is smashing its way through Poland and is drawing closer day by day to Warsaw, the Polish capital.

Russia wants to enter into direct peace negotiations with Poland while deciding armistice terms. Whether the break off in the truce parley will result in a complete collapse, or whether the Polish envoys will be empowered by Warsaw to discuss peace will not be known until the Warsaw government has been consulted. The world should know the answer within a few days.

The morale of the Polish army seem to have been broken. The French foreign office, which is Poland's best friend in continental Europe, admits that the attempted Polish counter

BANDITS HOLD UP TRAIN PASSENGERS

VANCOUVER, B. C., August 3—Mounted police from Fernie, Lethbridge, and Sentinel, B. C., are on the trail today of three bandits who held up the conductor and passengers on a Canadian Pacific train near the British Columbia boundary late last night.

The robbery was committed as the train was moving and afterward the highwaymen jumped off near Sentinel. It has not yet been ascertained how much booty they obtained.

DEMOCRATS WILL OPEN SPEAKING TOUR AUG. 11

NEW YORK, August 3. — The first big speaking tour of the national Democratic campaign will be opened in Chicago on Wednesday, August 11, Senator Pat Harrison, director of the speakers' bureau, announced at Democratic national headquarters today.

Franklin D. Roosevelt, Democratic candidate for vice president, will be the speaker and his tour will take him to the coast and back to Indianapolis, where he will close his western campaign on August 31. The itinerary was completed by Senator Harrison today after conferences with Roosevelt and Chairman George S. White.

SENATOR HARDING OPENS HIS FRONT PORCH CAMPAIGN

Senator Harding addressing Richland county Harding and Coolidge club from his front porch, and (below) shaking hands with the crowd after the speech.

Senator Warren G. Harding began his front porch campaign for the presidency with an address to 2,000 factory workers, business men and farmers, members of the Richland county Harding and Coolidge club. He called for a repeal of the excess profits tax and a revision of taxation generally, but said he had no remedy at present for the tax situation.

HARDING HAS BUSY DAY AT MARION HOME

G. O. P. Nominee Goes Over Reports Regarding Campaign Activities.

CONFERENCES ARRANGED

Delegates from Wayne County to Visit Candidate Wednesday.

By J. BART CAMPBELL.

MARION, August 3.—Senator Warren G. Harding, Republican nominee for president, was to put in another busy day today going over reports regarding campaign activities, which are pouring in upon him by telegraph and mail, and in conferring with Republican leaders who were to visit the Harding home.

Senator Harry S. New of Indiana, who is in charge of the speakers' bureau of the Republican campaign, and Harry M. Daugherty, the Harding preconvention campaign manager, were among those scheduled to confer with him.

The senator was also to complete the preparation of the address he will deliver to a delegation from Wayne county, O., tomorrow. He and his advisers were said to be planning to give a real impetus to his front porch campaign by having him deliver a series of speeches here in the near future which would have the kind of a "punch" to them his Democratic opponents could not sidestep.

It was also stated that the senator felt "greatly encouraged" by the reports he had received regarding the "favorable reception" of his speech of acceptance throughout the country, and by "other indications of a re-united Republican party swinging in behind his candidacy."

At the Harding headquarters here the statement was also made that Senator Borah of Idaho and other progressive Republican leaders were already engaged in campaigning actively for the Republican ticket, and that the rank and file of Progressives everywhere "were falling in line for Harding and Coolidge."

RESTAURANT PRICES MUST DROP, DECREE

COLUMBUS, August 3—Restaurant prices must drop.

This is tre decree issued by John Pfeiffer, Ohio's federal fair price commissioner.

Pfeiffer has informed restaurant managers that their prices must be lowered to conform to a fair price list he expects to issue soon. He said he will decide upon a margin of profit and promised that the list wil be equally fair to the dealer and the purchaser.

HARDING SETS TYPE AS MOVIE CAMERA CLICKS

MARION, August 3—It was plain Warren Harding, printer and "make-up man," for an hour today.

Accompanied by Senator Harry S. New, of Indiana, the Republican nominee for president visited the plant of his newspaper, The Marion Star.

In the composing room he doffed his coat and rolled up his sleeves.

While a movie camera clicked, he set type by hand, using the same old "stick" that had done him good service in the days when he started his newspaper career as a printer.

He brought into play the printer's "rule," which he always carries in his pocket as a memento of those days. He "jeffed" the type without a "pi" and made up a page without the use of a single "dutchman," locking the forms with all the dexterity of an old-time printer.

"You can certainly juggle type," remarked Senator New to the nominee. New is himself an old-time newspaper man

SALEM PLANS TO FORM MARCHING CLUB

An old fashioned marching club is to be formed within the ranks of the Harding-Coolidge Republican club at Salem, following a decision reached at a meeting of the executive committee of the organization Monday night.

Steps will be taken at once to complete the organization of the subsidiary club. A drum corps will be formed to lead the club and appropriate uniforms will be purchased.

PREPARING FOR BIG CROWD AT COX CEREMONY

Notification Program Will Be Held At Dayton Fair Grounds.

EXPECT 100,000 PEOPLE

Democratic Nominee's Wife Gets Lesson In Operating Movie Camera.

BY HARRY L. ROGERS

DAYTON, Aug. 3.—Governor James M. Cox, Democratic presidential nominee, will spend the greater part of today at Trailsend, clearing up his correspondence. No conferences are scheduled, and the only relaxation the governor anticipates is possibly a horseback ride this evening and a plunge in the swimming pool afterward.

Preparations for handling a record-breaking crowd at Montgomery county fair grounds on August 7, went forward today. On at least three occasions, crowds estimated at 75,000 have found their way into the big enclosure namely, when William J. Bryan spoke there during his first presidential campaign, when the race horse, Goldsmith Maid, went against her own record, and when Dayton united in a monster celebration for the Wright

DATE FOR SECOND DISTRICT LABOR RALLY

The second meeting of the recently organized District Non-Partisan Political league will be held in Steubenville Sunday, August 15. Steps toward designating candidates for district and state office who are fair to organized labor will be taken at the meeting.

Delegates from Columbiana, Jefferson, Harrison, Belmont and Carroll counties attended an organization meeting in Steubenville Sunday. The following officers were elected:

E. S. Barbee, of Steubenville, president; J. R. Hall, East Liverpool, vice president; John R. Murphy, Bridgeport, secretary; R. J. Lewis, Bellsville, treasurer.

DARING AIRMAN AND PAL MEET DEATH DOING MOVIE STUNTS

Lieutenants Lockler and Elliott Killed At Los Angeles.

PLANE FALLS 2,000 FEET

Spectacular Drop is Filmed; Hundreds Witnessed Accident.

LOS ANGELES, Aug. 3.—Lieut. Omer Locklear, dare-devil air pilot, whose stunts of leaping from one plane to another in mid-air have thrilled thousands, is dead today. His plane crashed from a height of 2,000 feet late last night while he was engaged in night flying for the movies. With him died Lieut. Milt Elliott, his pal and pilot in all his hair-raising stunts.

Hundreds of persons, including many movie stars, witnessed the death of the daring pair. Their plane fell in a straight nose-dive like a flaming meteor from a dark sky. A few minutes before Locklear had been setting off a great pyrothechnic display, and shooting rockets and lights high in the air.

According to flyers who witnessed the tragedy, Locklear's plane appeared under control at all times. It is believed that he misjudged the fireworks and thus misjudged their distance from the ground so that the crash came without their realizing their danger.

The spectacular drop was filmed by several cameras. It was a part of the show for the plane to nose dive with a great display of fireworks, and the cameras continued to grind as the famous pilot spun down to his death. Both bodies were crushed and burned almost beyond recognition.

Locklear was a native of Fort Worth, Texas, and Elliott came from Gadsen, Ala.

EAST LIVERPOOL BOY WINS MARATHON RACE

Easily outdistancing the field, Orin Smith, former East Liverpool high school track star, won the prize marathon race staged in connection with the annual outing of the Colored Royal Arch Masons' club of Steubenville Monday.

The race started at 10 o'clock from the corner of Third and Market streets, Steubenville, and ended at Stanton park. Smith's time was 14 minutes and 3 0seconds.

MAKE RUN ON PONZI OFFICE

Five Hundred Note Holders Line Up In Boston Today.

BOSTON, August 3—The worst run which Charles Ponzi, "get-rich-quick financier," has yet been called on to face started today. More than 500 note holders, anxious to get their money back, lined outside the Pi Alley entrance to the office of the Securities Exchange company. A detail of police officers was on hand to keep the crowd in a long line which extended out to City Hall avenue and was constantly increasing.

A cheer went up from the waiting men and women when the doors were opened shortly after 9 o'clock and the first group of 10 or 15 were allowed to enter.

Ponzi himself, was not on hand at the opening of the office, but the disbursing clerks were as confident as ever that he was fully able to meet all demands.

It was announced that Ponzi intends to re-open for regular business on Thursday, having notified one of his branch managers to that effect. This decision was made, it was stated, when the audit of the books of the company failed to show anything criminal and the postoffice inspectors were also unable to find anything illegal.

BOUNTIFUL CROP OF APPLES IN STATE

The fruit growers of the state, not only in the "Apple Belt" of the eastern part of the state, but also in this section report that from all indications there will be bountiful crops, possibly the largest in years.

Whether or not the smaller fruit will be as plentiful as the apple crop is not known, but indications also point to a big yield in the pear, plum and also quince variety.

Fruit growers are taking good care of their crops, as they are spraying their trees regularly ,also using scientific methods for the elimination of all kinds of bugs and destroyers of their product.

The labor situation will hamper the picking of the fruit crop according to the growers, but it is hoped that within the near future that this situation will be improved. The shipping problem is also one that confronts the growers and there is very little relief in sight at the present time in that respect. However, an improvement is looked for all along the line and the owners of the various orchards are pleased.

It Needs Only "Just One"

Each Dose a Different Laxative, "They Never Wear Out."

The modern, scientific way is to never use the same laxative twice in succession. This avoids the danger of overworking one organ while leaving another congested and sluggish. The new idea is to stir up one organ today, another tomorrow, and so on, keeping all up to maximum efficiency without injuring any.

"Just One" is the only laxative in which this plan is carried out. Each of the twenty tablets in a box of

"Just One" is a full, regular, correct dose of a different laxative than the other nineteen. No two alike, though all look alike. Each is best of its kind, pleasant and thorough in action, and a successful formula proved by years of use.

Your system can't become used to and unresponsive to "Just One." You never increase the dose. "Just One" is always enough; hence, the name.

You'll like this new idea. So get "Just One" today. Any druggist anywhere can get "Just One" for you or we will send it postpaid upon receipt of 25c per box. Ferritone Chemical Company, Council Bluffs, Iowa.

PLAN UNITED CHURCH DRIVE

Nation-Wide Evangelistic Campaign Proposed Next Year.

Practically every East Liverpool Protestant church that participated in the Interchurch World Movement this year will be invited to take part in a nation-wide united evangelistic campaign to be launched early next year, it was announced Tuesday.

From January to Easter every Protestant pulpit is to be called on to sound the evangelistic note. The appeal of the church to personal consecration of life service is to be kept before the community in various ways. Extension of the habit of personal prayer and of the family altar will be striven for and the use of the Lenten daily prayer calendar encouraged. Pastor's training classes will be held for personal workers as well as confirmation classes or study groups for those who are to enter the churches.

The culmination of the whole unified evangelistic program is in the special services centering about Easter Sunday. During Holy Week the meetings will not be confined to the churches nor to the customary hours for religious gatherings. Congested centers in the larger cities will be invaded with theater meetings and noonday services in down town churches. In every legitimate way the churches will endeavor to reach the whole community with the Christian message and appeal. Follow-up campaign will conserve the results of the Easter ingathering and will last until Pentecost Sunday. Special plans are to be considered for the active enlistment in definite Christian service of all the new members received by the churches.

H. R. Anderson, in charge of the electrical construction work recently completed for the Pennsylvania railroad company here, will leave soon for New York city.

Mr. Anderson has accepted the position of assistant general superintendent with headquarters in the main office of the Comestock Construction company.

G. O. P. CLUB MEETING WEDNESDAY EVENING

The first regular meeting of the Wellsville Republican club will be held at 7:30 o'clock Wednesday evening in council chamber, city hall. In addition to officers already named, committees will be appointed.

According to officers of the organization, it is likely that permanent headquarters to be used during the coming campaign will be selected at this meeting.

HARD SCHEDULE FOR WELLSVILLE BALL CLUBS

Wellsville baseball clubs will be actively engaged away from home grounds during the greater part of this week.

The Molbrough A. C., the local colored club, will play at least two games before Saturday, while the P. H. C., nine will make one trip.

The Molbroughs will make their second appearance of the week on an East Liverpool diamond, when they play the Liberty A. C., at West End park. The Molbroughs were defeated in a ten inning battle at East Liverpool Sunday with the Independents of that place in the role of victors. The score was 3-2.

Wednesday evening the Molbrough A. C. will play at Newell, starting a three-game week schedule for the West Virginians.

The P.H.C., club will be featured in a game with the Newell club Saturday when "Booster Day" will be observed there. The Newell club is making special arrangements for a large crowd Saturday, when an attempt will be made to place the club's finances on a firm foundation.

PROPOSE TO ESTABLISH NEW STATE BANK HERE

Asking for permission to establish a new state bank in Wellsville, local and out-of-town incorporators have filed application with the state banking commission in Columbus, it is announced.

The incorporators are: William H. Kirby, of Wellsville; Raymond Kirby, of Buffalo; Frank E. Kirby, Arthur Buhl, and Richard Davidson, all of Detroit.

According to officials of the proposed bank, none of the stock will be offered for sale here in the event that the application is considered favorably by the banking commission.

Raymond Kirby ,for a number of years associated with banking institutions in Buffalo, is to assume active management. Negotiations are now being carried on with property owners in the western end of the city for ground, while architects are preparing plans for a modern building.

WOMAN AUTOIST FINED ON FAST DRIVING CHARGE

Mrs. Warren Thomas, charged with fast and reckless driving through the streets of the city in an automobile several days ago was fined $20 by Mayor Ingram, last night.

Mrs. Thomas was brought into court on information by W. C. Fraser, of Eleventh and Main streets whose lawn it is alleged was damaged when Mrs. Thomas' machine, becoming unmanageable, torn down portions of the hedge and destroyed a vase.

At the hearing in police court last night, Mrs. Thomas pleaded not guilty to the charge. She claimed that she was unfamiliar with the machine and declared that she should not be fined. When she continued to protest against the fine, Mayor Ingram ordered her placed in the detention room. The fine was paid.

Council Meeting Tonight.

Council's regular semi - monthly meeting will be held this evening in the city hall. The selection of a site for the new garbage disposal plant and the problem of securing water will be the two most important questions to be discussed by the solons.

Stork Visits Stewart Home.

Mr. and Mrs. C. W. Stewart of the Lisbon road announce the arrival at their home of a ten-pound baby boy, born Monday morning. Prior to her marriage, Mrs. Stewart was Miss Helen Paisley. Mr. Stewart is chief clerk at the assistant trainmaster's office of the Cleveland & Pittsburg division, Third street.

Gleaners' Class Meeting.

Members of the Gleaners' class of the First Methodist Episcopal Sunday school will meet Thursday evening at the home of Miss Cora Harbourt in Fourteenth street.

PLAN "HORSESHOE BEND" AT FOLLANSBEE

A "horseshoe Bend," near the Wabash Railroad, a short distance below Follansbee, will be built to connect the Pennsylvania lines, with the Cleveland and Pittsburg division at that point, if plans, now said to be in consideration by railroad officials, are carried out.

It is said that the bend would be similar in construction to the one to be built at Yellow Creek and would be so arranged to allow trains coming from the west, (River division) to be switched over to the Pennsylvania lines.

The improvement would mean much to Mingo and, it is stated, the Civic League there plans to impress on railroad officials the importance of the bend to the town.

REV. ROBERT USTICK TO REST IN MOUNTAINS

Rev. Robert Ustick, pastor of the First United Presbyterian church, is preparing for a month's vacation, to be spent in the Catskill Mountains, New York state.

Rev. and Mrs. Ustick plan to leave here Friday for Kingston, a small village in New York. They will also visit other points of interest in the immediate vicinity of Kingston, Rev. Ustick held a pastorate in the village several years before taking charge of the United Presbyterian church here.

During the month of August, there will be no preaching services at the church, pending Rev. Ustick's return. Sunday school services will be conducted at the usual time on Sunday mornings, followed by a short prayer service.

RETAIL PRICE OF ICE CREAM IS INCREASED

The price of ice cream, in the past month, has jumped from an average of 50 cents a quart to 70 cents at practically all the leading drug and confectionary stores here.

Until the middle of July, ice cream was sold here by retail dealers at prices averaging 50 cents per quart. The larger milk and cream companies who sell their products throughout this district, within the last month have boosted the price approximately 20 cents on the quart. The high prices of milk, cream, sugar and other commodities that enter into the manufacture of ice cream, say the dealers, caused the raise. One or two of the smaller stores here, however, are still selling at 50 cents, while several have reached 60 cents.

McPeake Funeral.

Funeral services over the body of Helen Louise McPeake, infant daughter of Mr. and Mrs. Charles McPeake of Fourth and Commerce streets, who died from an attack of cerebral hemorrhages while with her parents in an automobile Sunday morning, will be held this afternoon at 2 o'clock at the late residence. Interment will be made in Spring Hill cemetery.

Ruptured?—

Throw Away Your Truss!

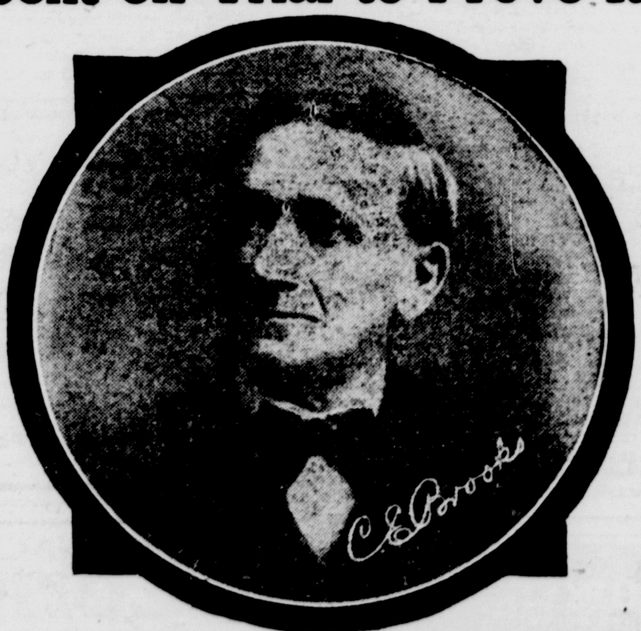
For Many Years We Have Been Telling You That No Truss Will Ever Help You—We Have Told You the Harm That Trusses Are Doing. We Have Told You That the Only Truly Comfortable and Scientific Device for Holding Rupture is the Brooks Rupture Appliance—and That It Is

Sent on Trial to Prove It

If you have tried most everything else, come to us. Where others fail is where we have our greater success.

Send attached coupon today and we will send you free our illustrated book on Rupture and its cure, showing our Appliance and giving you prices and names of many people who have tried it and were cured. It is instant relief when all others fail. Remember, we use no salves, no harness, no lies.

We send on trial to prove what we say is true. You are the judge and once having seen our illustrated book and read it you will be as enthusiastic as our hundreds of patients whose letters you can also read. Fill out free coupon below and mail today. It's well worth your time whether you try our Appliance or not.



The Above Is C. E. Brooks, Inventor of the Appliance. Mr. Brooks Cured Himself of Rupture Over 30 Years Ago, and Patented the Appliance from His Personal Experience. If Ruptured Write Today to the Brooks Appliance Co., Marshall, Mich.

Ten Reasons Why

You Should Send For Brooks Rupture Appliance

1. It is absolutely the only Appliance of the kind on the market today, and in it are embodied the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.
4. Unlike the ordinary so-called pads, used in other trusses, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.
7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All of the material of which the Appliances are made is of the very best that money can buy, making it a durable and safe Appliance to wear.
10. Our reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and our prices are so reasonable, our terms so fair, that there certainly should be no hesitancy in sending free coupon today.

Pennsylvania Man Thankful

Mr. C. E. Brooks,
Marshall, Mich.
Dear Sir:—

Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on; it just adapted itself to the shape of the body and seemed to be a part of the body, as it clung to the spot, no matter what position I was in.

It would be a veritable God-send to the unfortunate who suffer from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it.

My rupture is now all healed up and nothing ever did it but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers. I am,

Yours very sincerely,
JAMES A. BRITTON.

Soundly Cured at the Age of 81

Mr. C. E. Brooks, Marshall, Mich
Dear Sir:—

Less than a year ago I sent to you for an appliance which came promptly. I at once put it on and it fitted perfectly. I have worn the appliance not quite ten and one-half months. **It has cured my rupture.**

I tried the other day while the appliance was off, to see if I could force anything out of the opening to make a break there, but I could not, though I tried hard.

Now I think this quite remarkable as I am in my eighty-first year. I am an old veteran of the Civil War, born and raised in the town of New Boston, N. H. from where I enlisted in the 10th N. H. vol. inft. in Co. C.

I cannot feel but that I owe you this testimony for I had never expected to be cured. However, thanks be to God, I found a cure through the valuable Appliance you made for me. Your friend,
Holly Hill, Fla. E. A. Richards.

Others Failed But the Appliance Cured

Mr. C. E. Brooks,
Marshall, Mich.
Dear Sir:—

Your Appliance did all you claim for the little boy and more, for it cured him sound and well. We let him wear it for about a year in all, although it cured him 3 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you. Yours respectfully,
WM. PATTERSON,

Child Cured in Four Months

21 Jansen St., Dubuque, Iowa.
Mr. C. E. Brooks, Marshall, Mich.
Dear Sir:—The baby's rupture is altogether cured, thanks to your Appliance, and we are so thankful to you. If we could only have known of it sooner, our little boy would not have had to suffer near as much as he did. He wore your brace a little over four months. Yours very truly
ANDREW EGGENBERGER.

EAST LIVERPOOL'S BARGAIN DAY

In accordance with their aim of offering their patrons advantage of price slashing and also to make East Liverpool the shopping center for residents of all towns within a radius of 25 miles, East Liverpool merchants will conduct their seventh semi-annual Dollar Day sale on Thursday, August 19.

More than 80 merchants, representing dealers in practically every line of merchandise, will participate in the price cutting feature. Financial sacrifices will be made on all stocks as an incentive to encourage buying. And the bargains, which will be advertised extensively in Columbiana and Jefferson counties, Ohio; Hancock county, W. Va., and Beaver county, Pa., are expected to attract hundreds of customers from all points accessible to East Liverpool by steam railroad and trolley car.

Not only do East Liverpool people realize the importance of the Dollar Day sales as a factor in coping with the high cost of living. Scores of patrons of East Liverpool stores come from Steubenville, Toronto, Empire, Hammondsville, Salineville, Irondale, New Cumberland, Weirton, Midland, Beaver, West Point, Lisbon, Leetonia, Columbiana, Washingtonville, Salem and East Liverpool, as well as from Wellsville, Chester, Newell and rural points. East Liverpool is the mecca on Dollar Day for men and women who know bonafide bargains are offered by the city's merchants.

And as an added inducement, merchants, in accordance with a plan which is in effect every Wednesday and Friday throughout the year, will refund train and trolley car fares on Dollar Day to out-of-town people who seek their merchandise wants in East Liverpool.

All signs indicate that August 19 will be the banner bargain event under the auspices of the East Liverpool Merchants' Trade Promotion association. It is expected to surpass even the success of the merchants' two previous features this year, the February Dollar Day sale and the Spring Opening Day sale.

THE MISSING GIRL

The problem of the missing girl is one that afflicts city and country alike. The automobile is party responsible. But the parents are chiefly to blame.

The girl who accepts an invitation to ride with a man she does not know, and know well, takes her life and honor into her hands—or rather, she gives them into the hands of the stranger. In only too many cases the ride results in lifelong sorrow. The next step in the tragedy is the running away of the girl. She becomes one of the missing girls.

Then there is the girl who runs away from home because she thinks she is misunderstood. Sometimes she gets a good job in another town and succeeds. More often she fails, and does not want the family to know it.

"Parents," says Miss Sabina Marshall, executive secretary of the "Women's Protective League," are either too strict or too lax. In families of foreign descent the parents exercise an autocratic control. This the American-born children resent and flee from. In native American homes the tendency is to let the children be too free and to pay too little attention to them."

The mother who does not "pal" with her girls and keep their confidence is scored by the authorities. So is the father who does not teach his son the principles of morality. One mother in a college town was accustomed to leave the house to her young daughters and their friends in the evening. The two daughters sought admission to a home for unfortunate girls within a few weeks of each other. The mother did not know where they were. They were "missing girls."

The superintendent of this home says virtually all the unwed mothers who come to her were allowed to "just grow" without any proper home training. And these girls come from all kinds of homes, rich and poor, native and foreign. Many of them ran away from home. "More than 65,000 girls disappear in this country every year," says the secretary of the American Civic Reform Union.

Parents of growing girls and boys cannot afford to be too busy, or too reluctant to talk things over with their children. They should make things pleasant at home for them, and should see that a chaperonage which is not so strict as to bar out wholesome fun, but which is never lax enough to invite disaster, is at all times maintained.

A BAD SPORT

Sir Thomas Lipton, that game and cheerful challenger and loser, employed a native seaman to advise his skipper about wind and currents while racing his boat in foreign waters Most Americans were glad to give him this little assistance in his gallant effort to lift the cup.

Not all Americans, unfortunately, are sportsmen. Andrew Jackson Applegate, the Sea Bright skipper who performed the neighborly service for the Shamrock, has received a letter which says:

"There are many fine Americans who turned down the proposition, and you, sir, for a few tainted dollars made yourself despised by all good Americans. You, sir, are another Arnold, and should be sent to dear old England, because you have made yourself an ass in the land that gave you your living. I hope, with all my heart, that you will regret the step until you die. The boys in your town will point you out and you will be snubbed by all your shipmates and despised by all good Americans, My contempt for you!"

There may be some few other Americans so "patriotic" as to begrudge a guest such little manifestation of the country's hospitality as the presence of Captain Applegate aboard the Shamrock in its races. But the bulk of national contempt will undoubtedly go not to Capt. Applegate's direction, but in that of the letter-writer who has proved himself such a bad sport.

NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, August 3.—

I had been to a movie
And there was a Whistlin' Kid
From Coyote Ranch
Who rode a bucking broncho,
While he rolled cigarettes,
And it gave me the idea
To get up the next morning
And take a horseback ride
And I was out at dawn
And went to Central Park
And was introduced to a horse
And it took one look
At my silly riding breeches
And I believe it laughed,
For I saw its sides heave,
But I put a foot in the stirrup
And swung in the saddle
And soon we were off
Along the bridle path
And we came to a turn
And I found myself
Away up on the horse's neck
And I think he got the idea
I was trying to kiss him,
For he stopped very short,
But I kept right on,
Nothing could deter me.
So I dusted myself off
And got on him once more
And he started to gallop
And I never dreamed
That one gentleman
Could be so rough to another,
And there care a time
That as I soared aloft
I would say a prayer
That I would come down
At least a half an inch
From where I had been hitting
[illegible]
But I was all out of luck.
I hit the same spot
Each time I landed,
And today I met a lady
And started to bow to her,
But caught myself in time
Before I broke in two,
And there are two bumps
On the top of my head
And I know what caused them.
It is where my lower back teeth
Started to protrude
When I would hit the saddle.

POTTERY NEWS

OWE CHINA DEBT FOR CERAMICS

Chinese Were Original Producers of Vitrified, Translucent White Ware Which Still Bears Name of China.

BY EDWIN TARRISSE

Of the many debts that Europe and America owe to China not the least is that of the manufacture of ceramics The Chinese were the original producers of the first vitrified, translucent white ware which to this day among the English-speaking races, bears the name of china. The Italians first named this ware porcelain, but the English, owing to the frequent use of the Persian word "chini" by the Italians, called it china. The growth of the industry is one of the many marvels of this world. Its history is as ancient as that of the pyramids and its evolution as interesting as that of mankind.

The primitive races, whether of remote ages or of today, took such clay as they found on the surface of the ground or by some riverbed and with the rudimentary preparation of spreading it on a stone, beating it with their hands or boards, treading upon it to reduce it to a workable consistency, proceeded to fashion it into such shapes as need dictated. For centuries this sample hand-made pottery was hardened by drying in the sun so that it would serve for storage of grain and rice.

The increasing use of fire brought out the amazing fact that a baked vessel became as hard as stone. Then followed the knowledge that even in one district all the clays did not fire in the same color, and color decoration arose as a natural consequence in a rude daubing or smearing of some clay or earth which was found to impart a bright red or buff color on vessels shaped in a duller colored clay.

Most precious of all, however, were little deposits of white clay which yept their purity unsullied through the fire By these means the races of the old world made their wares. On this substructure all the pottery of the last four thousand years has been built, for behind all Chinese, Egyptian or Greek pottery there is the same primitive foundation.

In the beginning of unrecorded history, as the great nations of the past emerged from the shadows, they each developed the potter's art in an individual way. The Egyptian evolved schemes of glowing color. Brilliant glazes were fired on objects shaped in sand and held together with clay or earth or actually carved from rock or

The Greeks produced their marvels of plastic form and then, excited by their growing skill in metal work, turned the plastic clay into imitation of metal forms. These nations were overthrown and the Romans spread some knowledge over the lands they held in fee, from the Euphrates to the Atlantic.

From Egypt to the walls of Hadrian they set alight potters' fires that have never been extinguished. With the fall of the Roman Empire, pottery still persisted, although in a very simple fashion, being modified by the communities of monks who, in later centuries, replaced the Roman legions as the great civilizing influence in Europe.

In the meantime Egypt and the Nearer East continued in a debased form the splendors of their glorious past, and glazed and painted pottery ware was still made by traditional methods. By the specimens in existence at the various museums it is known that at that time many interesting kinds of decorated pottery were made at Cairo, at Alexander, at Damascus, and in Syria at a time when all over Europe crocks of simple red or drab clay covered with green and yellow lead glazes were the sole evidence of the potter's skill.

With the era of Mohammedan conquests the potter's art of the Occident reached its highest level, and the methods and knowledge of manufacture, which were hitherto confined to Egypt and Syria, were spread from Spain to the south of France and even to India.

In the meantime, the Chinese, the greatest race of potters the world has ever seen, were quietly gathering strength, until from their glazed hard-fired pottery there emerged the marvelous translucent white porcelain, one of the wonders of the mediaeval world.

With the dawn of the fifteenth century in all European countries there was rudely fashioned decorated ware, in which can be traced the slow development of a native craft from the super-position of Roman methods on the primitive work of the peoples.

The vessels manufactured were for use and not for show, and if glazed at all, only with rough, coarse lead-colored yellow or green, in no case above the level of the workmanship of the traveling brick or tilemaker.

The finest expression of this native style is to be found in the Gothic tile pavement of France, Germany and England, where all the colors are due to clays, and there is no approach to painting.

All primitive pottery, whether of ancient or modern times, has been made by the simplest methods and comprises four processes, namely, molding, firing, glazing and coloring, although in the early stages of its development the rudest methods were employed and scarcely anything was known of glazing and coloring.

The Egyptians adopted means similar to those of today to produce their wares. The clay dug from the earth's surface was prepared by beating and kneading with the hands or boards and the mass well tempered with water. From this mass vessels were shaped by cutting out a ball and by building piece by piece and smoothing down one layer upon another.

The potter's wheel, although ancient was a comparatively modern invention, arrived at independently by many races of men. In its simplest form it was a heavy disk pivoted on a central point to be set going by hand as the workman squatted on the ground, and it may still be seen today in India, Ceylon or Japan. This form of potter's wheel was the only one known until about the beginning of the christian era, and then, in Egypt apparently, the improvement was introduced of lengthing the spindle which carries the throwing wheel much larger disk whish the [illegible] could rotate with his feet, thus leaving the potter's hands free for the manupilation of the clay.

No further advance was made in the wheel until the middle of the seventeenth century, when the wheel was spun by means of a cord worked over a pulley, and although a steam-the advent of power machinery, in the middle of the nineteenth century, this form of wheel still remains the best for the production of fine pottery.

Many of the early Greek vases on close examination show that they were "thrown" in separate sections, that is, different pieces forming the whole were first molded. The finishing caused the surface to appear even.

The Chinese in many of their forms of pottery adopted or were originators of the same idea and many of their forms have two or three portions. In all ages the work of the thrower or presser has been largely supplemented by the modeler, who alters the shape and applies it to handles, spouts or other modeled accessories at will.

As in the case of the wheel, the ancient forms of kilns for firing the ware are still in existence in many countries and show slight deviation from those used by nations in the early times, whose pottery counts among the treasurers of the collector and the antiquarian. The potters of northwest India use to this day a kiln identical with that depicted in severest outline on the rock tombs of Thebes, and the sikilful Japanese remain content with a kiln similar to them used by the ancient Greeks. With the organization of pottery as a factory industry improved kilns were produced.

The type now generally in use is practically a reverberatory furnace from 10 to 30 feet in diameter and of a similar height, capable of firing a quantity in hours that would have formed the output of a mediaeval potter in a year. Experiments have been most successfully conducted of recent years but even the most recent coal-fired oven remains a very wasteful type of apparatus ,the amount of valuable heat with regard to fuel consumption being relatively small.

The earliest objects that civilization possesses in the way of ancient pottery shows that the Egyptians were probably the first to use glazes, but the practice may have originated independently, wherever a knowledge of early glazes were of the alkaline type, which had to be first fused into a glass before it could be applied to pottery.

Many primitive races seem to have burnished their pottery before it was fired in order to get a glossy surface and in other cases the surface was rendered waxy with resinous substances, which were often colored. There are only four kinds of glaze. Those used by the Egyptians, Syrians and Persians were of alkaline type and most uncertain in their working.

Lead glaze is one of the best and most widespread in use for ordinary purposes. Felspathic glaze is used for high-fired porcelain but is entirely unsuited to any other work, and salt glaze, produced by the vapors of common salt, generally is esud in the manufacture of stoneware.

There have been many special glazes devised for use, but they are all related to these four principal groups.

The earliest known method used in decorating wares by color was to use various kinds of clay, which fired a different shades. With the invention of glaze the natural clays were changed in tint, and native earths other than clay containing iron, maganese and cobalt, were gradually discovered and used. Some of the earliest glazes were colored glasses, containing copper and iron.

Marvelous work was wrought with these few materials, but the era of fine pottery dawned with the Persian and Syrian work that proceded the Crusades. Vases shaped in good plastic clay were covered with white, highly silicious coating fit to receive glazes of this type.

With this rudimentary technique the potters of this country south and east of the Mediterranean produced between the ninth and sixteenth centuries a type of pottery that remains ideal from the point of view of color, for, with nothing more than the greens given by oxide of copper and iron, the turquoise of pure copper, the deep blue of cobalt, the beautiful purple of manganese and the rich red of Armenian bole, they achieved color schemes that have never been surpassed for richness.

The most extensive application of colored glaze was that made by the Chinese, who developed this type of color decoration before they used the painted patterns in under-glaze color. The earliest Chinese porcelains and the hard-fired stonewares, from which porcelain arose, were decorated in this way, and the beauty of many of the early Sing colored glazes have never been surpassed.

About Digestion.

Digestion begins in the mouth. The food should be thoroughly masticated and insalivated before it is swallowed. When this is habitually neglected stomach trouble is almost sure to follow. If you now have indigestion eat no beef or veal and sparingly of other meats, masticate your food thoroughly and you may recover without taking any medicine. If your bowels are constipated take Chamberlain's Tablets. They not only cause a gentle movement of the bowels, but aid digestion and strengthen the stomach.

In England the term "civil law" means "Roman law."

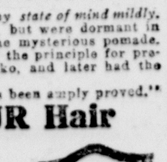
New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. The scalp was shiny. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. "Yet now, at an age over 66, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are from my photographs." Mr. Brittain certified further:



After hair growth

INDIAN'S SECRET OF HAIR GROWTH

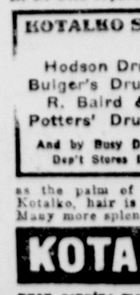


Photo when bald.

"At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian 'medicine man' who had an elixir that he asseverated would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days.

That I was astonished and happy is expressing my state of mind mildly.

Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade.

I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.

That my own hair growth was permanent has been amply proved."

How YOU May Grow YOUR Hair

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, *alopecia areata* or certain other hair or scalp disorders. Miss A. D. Otto reports: "About 8 years ago my hair began to fall out until my scalp in spots was almost entirely bald. I used everything that was recommended but was always disappointed until at last I came across Kotalko. My bald spots are being covered now; the growth is already about three inches." O. W. Mitchell reports: "I had spots completely bald, over which hair is now growing since I used Kotalko." Mrs. Matilda Maxwell reports: "The whole front of my head was as bald as the palm of my hand for about 15 years. Since using Kotalko, hair is growing all over the place that was bald." Many more splendid, convincing reports from satisfied users.

Kotalko is wonderful for women's hair.

DRUGGIST On the Diamond

Two Very Well Known Citizens of Fairchance Testify

Owen J. Hughes, a Farmer, and R. D. Hugber of a Mining Machine Company, Are United in Their Praise of Nerv-Worth

"My stomach and nerves were in a bad condition," said Mr. Hugh. "Have taken Nerv-Worth 3 months, my whole system is strengthened, and I feel better in every way.

Along with this statement comes the one from Mr. Hugber, "I had nervous and stomach trouble for over a year. Now I have taken Nerv-Worth and feel much better, having received splendid results from it." Wherever used, Nerv-Worth is giving the same pleasing satisfaction. It has been found that nervous trouble and stomach troubles are responsible for the majority of human ills. If your nerves and nervous system are in good condition, you have plenty of nerve force, and your stomach is working right, you are bound to feel right. Nerv-Worth fills a long felt need for a preparation which acts jointly on nervous and stomach disorders. It straightens up the stomach, neutralizes poisonous acids, gives nerve force, sund restful sleep, and tones and invigorates the whole system. Buy first trial bottle, use it according to directions, and if it doesn't help you, your money will be refunded.

COUNTY NEWS

GAME ASSOCIATION PLANS FIELD DAY

The governing board of the Columbiana County Fish and Game Protective association, at a meeting in Lisbon Monday night, completed arrangements for the big field day to be held at the Salem Country club Wednesday, August 12. It was announced that A. C. Baxter, state game warden, and I. S. Myers, former mayor of Akron and present member of the state agricultural board, will make short addresses following the dinner which will be served at 12:30 o'clock by the Maccabees.

Over $300 in prizes will be given in bait casting and shooting events. There will be a coon chase at 9 o'clock in the morning, when a tame coon will be trailed over a mile or more and then put up a tree. The first four dogs to bark "treed" will divide $40 prize money.

All hunters and fishermen, with their wives, are invited to attend whether they belong to the association or not. The field events, however, will be open to members only.

District Game Warden C. E. Hudson attended the meeting.

Charged With Non-Support.

Sheriff William Dalrymple received a telegram Tuesday morning from the chief of police at East Chicago, Ind., notifying him that they had in custody Robert Parsons, of East Liverpool, who is wanted on a charge of non-support of his two minor children. Deputy Harlan Crawford will bring Parsons to Lisbon for trial.

Married At Lisbon.

Marriages solemnized here yesterday were:

Roscoe Hepburn and Elsie B. Swisher, both of East Liverpool, by Rev. P. M. Kendall.

Otto Flowers and Frances McCowan both of East Palestine, by Rev. P. E. Carson.

Seeks School Teachers

County Superintendent of Schools J. W. Moore, goes to Athens university Tuesday to endeavor to secure a number of teachers for the schools in this county. Many positions are vacant. There is a normal school in connection with the university and Mr. Moore will canvass the students there in an effort to supply the demand.

Seeks Approval of Plans.

Prosecuting Attorney W. W. Beck went to Columbus Tuesday afternoon to submit plans for the enlarging of the East Rochester school building to the state department of inspection. The building was damaged by lightning some time ago.

Charged With Assault.

Augustino Barthuloto, store keeper at West Point, has been arrested on a warrant charging him with assault and battery upon N. F. Gallo. The trouble arose over Barthuloto's bulldog killing Gallo's goat. After a stormy session in which Gallo tried to get pay for his goat, he claims that Barthuloto took hold of him by the collar and made threats. The case will be heard before Justice Claude Albright this evening.

DAVIS IS ENDORSED IN HAMILTON COUNTY

CINCINNATI, Aug. 3.—Endorsement for governor of former Mayor Harry L. Davis, of Cleveland by the Hamilton county Republican executive committee will stand, notwithstanding an appeal to that body by a citizens' committee to have such endorsement rescinded, it was announced today.

Davis' endorsement was virtually unanimous by the executive committee following a two-hour session here late yesterday between the Republican committee and a business men's committee at which the latter urged an open contest for gubernatorial candidates, the most prominent of whom are Lieut-Col. Ralph D. Cole, Mr. Davis and Congressman Roscoe C. McCulloch.

SEEK HIGHER POWER RATES

Buckeye Power Co. Files Application With State Commission.

A new tariff schedule providing an approximate 20 per cent increase in rates for commercial lighting over the existing scale has been filed with the Ohio Utilities Commission by the Buckeye Power company, it was announced today.

The new schedule, which would become effective September 2, would affect more than 60 consumers of electric current for lighting purposes in East Liverpool and Wellsville. A majority of the consumers affected are mercantile establishments, banks and similar institutions.

The rate of increase provided in the new schedule would vary upon the amount of power consumed monthly. In no case, however, would the increase mean more than $30 upon the monthly bill of any consumer, power company officials said.

The new tariff is the second schedule of the Buckeye Power company to be subjected to an increase in service charges. The tariff affecting the industrial plants and other high power consumers was altered a few weeks ago. The rate for domestic consumers and smaller commercial and industrial users of electric energy will not be increased under ordinary circumstances, power officials said.

KERR SEEKING SECOND TERM AT PRIMARIES

County Commissioner from Washington Township On G. O. P. Ticket.

GOOD ROADS BOOSTER

Change In Law Causes Contest for Renomination This Year.

By M. K. ZIMERMAN.

Two years ago Washington township was successful in placing its first native son on the board of county commissioners.

This year the people of that part of Columbiana county are deeply interested in seeing their native son retained as a member of the board, believing in the rule of years, that a second term is always granted without a contest.

A new situation is presented this year, however, and therefore County Commissioner John F. Kerr of Salineville is compelled to enter the contest for the nomination for a second term on the Republican ticket because of a change in the law, provided at the last session of the state legislature.

Under former laws, Commissioner Kerr would not have had to make the fight for renomination. His nomination would have been assured by the old rule.

In the present contest, Mr. Kerr is soliciting support for the nomination for commissioner for a second term. On account of the active road program now before the board and which has to do with every part of this county, Mr. Kerr is in a position to still further this work. He has been exceedingly active and very impartial in supporting road extensions in all parts of the county, and has been insistent that in those townships where little if any road improvement work has been undertaken that such extensions be advanced as speedily as legislation will permit.

It is a matter of record that the advancementof road improvements in the southwestern part of the county has been worked up to the present point through the efforts of Mr. Kerr. It has also been shown that in the changing of the inter-county highway from Wellsville to Salineville from the "creek route" to the Highland-town route the change was supported by him from the very start.

In all road work, Mr. Kerr has fgive the greatest benefit to the greatest number of people, no matter in what part of the county such improvements have been contemplated.

Mr. Kerr is one of the best known business men in Washington township and in public work, business methods have been his guide at all times.

McCULLOCH RAPS PALMER IN ADDRESS

COLUMBUS, Aug. 3.—"If Attorney General Palmer had spent more time enforcing laws against profiteers and less time in trying to get the presidential nomination, conditions in this country now would be vastly better," declared Congressman Roscoe C. McCulloch, Canton, a candidate for the Republican gubernatorial nomination, in an address here.

Congressman McCulloch said that relief from the evil of profiteering in living necessities lies, not so much in law enactment as in enforcement of existing laws.

"Truth is, there are too many laws on the statute books now," he said.

3819 CHILDREN VISIT PLAYLOT

Attendance Records Broken During Last Two Weeks of July.

Attendance records at the down town and East End playgrounds were shattered during the last two weeks in July, according to a report made public Tuesday by Miss Margaret Rice, playground director.

A total of 3,819 children visited the two playlots the latter part of July. Of this number 1,635 were listed at the down town playground and 2,184 at the East End grounds.

The week of July 12-17 proved a banner period at the East End playgrounds, a total of 1,197 children attending the lot. During the week of July 19-24, 987 patrons visited the grounds. The highest week's enrollment at the down town playground was 872 from July 19 to July 24. Seven hundred and sixty-three patrons were listed during the week of July 26-31.

NO OFFICIAL REPORT ON SEBRING STRIKE

Headquarters of the National Brotherhood of Operative Potters here had not been officially notified late Tuesday afternoon of the general walkout of the employes of the five Sebring potteries Monday.

More than 500 workmen are on strike following the alleged refusal of four of the plants to hire men who had quit his job at the fifth pottery.

Man Leaves Baby, Disappears.

DAYTON, August 3. — When Miss Nellie Kunkle sat on her porch last evening awaiting a company a man ket basket on the step while he went to the corner. He did not return and the basket began to cry. Now Kunkles have a blue-eyed baby boy, one month old, and all the necessary articles to keep the infant comfortable.

DEPORTED RUSSIANS BATTLE ON SHIP

CONSTANTINOPLE, August 3—News of a battle on board a transport carrying deported Russians to Odessa, when Bolsheciki agents attempted to seize the vessel, was received here today.

The Russians had been sent here from France for deportation to Odessa because of their Bolshevist sympathies. Two Russian peoples commisars, who got on board the ship with forged passports, led an "uprising" when the transport was passing into the Black Sea from the Bosphorous. The Russians attempted to rush the crew and seize the vessel, but were seized by Sengalese, armed with fixed bayonets. The decks were cleared after a number of Russians had been killed and wounded.

The transport proceeded on her way, accompanied by a destroyer.

DEATH ROLL

Mrs. Susan McGarry.

Funeral services for Mrs. Susan McGarry, aged 50, who died at the home of her daughter, Mrs. Harry Evans, Holliday's Cove, W. Va., Monday afternoon at 3:15 o'clock, will be held at the Evans home Wednesday afternoon at 2 o'clock. Rev. J. F. Dimit, pastor of the First Methodist Protestant church of East Liverpool, will officiate. Interment will be made in Spring Grove cemetery. Friends may view the remains at the cemetery Wednesday afternoon from 4 to 5 o'clock.

The deceased is survived by her daughter, Mrs. Harry Evans, and six sisters, Mrs. Martha Evans, Chester, W. Va.; Mrs. John Comell, Indianola, Iowa; Mrs. Altho Sullivan, Akron; Mrs. I. M. Buckley, Lisbon; Mrs. S. W. Allison, Alliance, and Mrs. Laura Jennings, East Liverpool.

Migliani Child

The four-year-old daughter of Mr. and Mrs. Ballentyne Migliani, of New Salisbury, died early Tuesday morning following a brief illness of pneumonia.

Funeral services will be conducted at the late home Thursday morning. The body will be taken to Columbiana, for burial.

REPORTS FROM STOCK MARKET

NEW YORK, Aug. 3.—The stock market showed improved tone at the opening today, but the upturns were not long maintained and shortly after the start prices resumed their downward movement.

Steel common, on large dealings, advanced ⅞ to 86⅜ and then was hammered down one point to 85⅝. Baldwin Locomotive rose nearly one low 106. Republic Steel dropped over one point to 80⅛ and Bethlehem Steel after selling up ¾ to 77¼ lost this advance.

Reading was the most active of the rails and after advancing 1¾ to 88½ broke to 87¼. Fractional gains were made in Southern Pacific and New Haven.

Mexican Petroleum selling ex-dividend 10 per cent in stock showed a gain of 3½ per cent selling at 158¾. Stromberg Carburetor showed a gain of one point to 69¾ and Corn Products 1* to 86¼.

After the initial losses the market turned strong, Steel common rising above 86 and Baldwin Locomotive above 107.

A flock of buying orders later sent prices up. Steel common, after selling down to 85¾, moved up to 86⅞, and Baldwin, which declined to 105⅞, advanced to 108⅛.

The railroad stocks made substantial gains, New Haven moving up 1⅝ to 32⅛ and Rock Island 1⅝ to 35⅞.

The petroleum issues also developed strength, Mexican Petroleum moving up to 159½, a gain of 3¾ points; Pan-American Petroleum yielded to 81½ and then advanced to 84½. Specialties were also in good demand.

brothers upon their return from a successful flying demonstration in Europe. This time, however, Daytonians expect all previous gatherings to be thrown into the shade, and the committee in charge of the notification ceremonies won't talk in figures of less than a hundred thousand.

Mrs. Cox, wife of Governor Cox, is going into the movies.

She will not, of course, be a competitor of Mary Pickford, or Billie Burke, or any other star of filmdom. In fact, she will not be a movie actress at all, but nevertheless she is entering the motion picture game.

Today a professional camera man gave Mrs. Cox her first lesson in the operation of a moving picture camera. It was a regular, honest to goodness movie camera, of the type used in many studios throughout the United States, and it is now the property of Mrs. Cox.

Mrs. John R. McLean, wife of the publisher of the Cincinnati Enquirer, gave it to Mrs. Cox not long ago when she and the governor were visiting in Cincinnati. Mrs. McLean is an amateur photographer of note, and is said to have possesses at one time or another almost every sort of camera in existence.

Mrs. Cox plans to make a number of pictures showing scenes at Trailsend, the Cox country place near Dayton, and Anne, her eight-months' old daughter, is to be the "leading lady" in most of them.

BREST-LITOVSK

(Continued from Page One)

offensive has failed. The reds, flushed with victory, are rolling down through Poland with amazing speed. The advanced units of the Bolshevik army were reported less than 40 miles from the Polish capital today. A mighty encircling movement is in progress and Warsaw is being surrounded. Already Russian troops lie southeast, east, north and northwest of the city. The first and fourth Polish armies, the mainstay of the northern front, are reported in retreat, with the Russians pouring through the gap towards the Bug river.

It is likely that the Poles, reinforced by volunteers, wil make their stand on the Bug river, 15 miles north of Warsaw.

The Russians are at Mlava, 60 miles northwest of Warsaw and 10 miles from the old German border. They have raeched Ostroleke, 60 miles due north of Warsaw. They have passed the fortress of Brest-Litovsk, which fell Sunday and are pressing westward from that base.

Neither Great Britain nor France is in a position to go to war in Poland's aid at this time and Poland seems to be at the complete mercy of the Russian army.

It has been ten days since Russia accepted Poland's request for an armistice, but with the exception of a brief lull of approximately 24 hours the Russians have pressed home their aottacks over 350 miles of battle front during all that time.

The bold and defiant attitude assumed by the Moscow government which has caused much anxiety and anger on the part of France and Great Britain, threatens to upset completely the plan of a general peace conference in London. Great Britain proposed that Poland, Finland, Roumania, and the smaller states bordering Russia be represented at the London parley and that a general peace be arranged. Russia has given her reply on the battle field by continuing her offensive against the peace terms before any general conference can be held.

OVERRULES DEMURRER TO MURDER INDICTMENT

DEFIANCE, August 3.—Judge F. L. Hay in common pleas court here today overruled the demurrer filed by the defense to the indictment returned against Josiah Botkinss, charged with the murder of Arthur Bullock, aged three, son of his housekeeper.

Botkins is accused of holding the Bullock child in the air by his heels, his head submerged in water to stifle any outcry and beating him to death.

BANK EMPLOYES TO FACE THEFT CHARGE

CLEVELAND, August 3.—Two employes of the First National bank of Cleveland will be formally charged with the theft of $53,000 in Liberty bonds, it was said by postoffice inspectors here today.

The bonds were at first believed to have been lost in transit through the mails to the Second National bank of Toledo from its correspondent here.

ASK CANTU TO MEET U. S. ARMY OFFICER

MEXICALI, Mexico, August 3.—Governor Cantu, insurgent governor of Lower California, is today in receipt of a request to confer in Calexico, Cal., within the next 24 hours with an United States army officerr of high rank, who is reported en route to the border on a commission to discuss with Cantu, the matter of protection to the American canal system on this side of the line, according to information from an authentic source.

Alarmed at the possibilities of vast damage which might result to the entire Imperial Valley water supply in the event of general fighting in this district, American interests were said to have appealed to the war department to take steps to afford protection to the irrigation system.

OPPOSE NIGHTLY SHOWS IN SALEM SCHOOL

Declaring that the nightly motion picture entertainments in the Salem high school auditorium were hurting their business, W. T. Mallott and Peter Callages, proprietor of the Salem theater appear before the board of education Monday night.

Attorney George T. Farrell of Lisbon who represented the movie house proprietors, declared that the board of education was commercializing the entertainments in the high school bufiding and was proving "unfair competition" to the leasees of the Salem theater.

The board of education plans to reduce the nightly shows to twice a week, on Fridays and Saturdays, after the schools re-open in the fall, they said.

CHAPLIN FUNNY OFF SCREEN, TOO, SAYS WIFE

LOS ANGELES, August 3. — All of Charlie Chaplin's funny antics are not confined to his screen work, according to a divorce complaint on file here today by his wife of less than two years, Mrs. Mildred Harris Chaplin.

It took fifteen typewritten pages to list all of Mildred's grievances against Charlie. Among them were charges that Charlie stayed out until 3 and 4 a. m. and often all night, that he failed to remember her birthdays and that his neglect caused her to suffer a nervous breakdown.

WIFE CLAIMS HUSBAND TRIED TO SELL HER

MANSFIELD, O., August 3—Ruth Thomas, wife of Peter Thomas, a Roumanian grocer of this city, has applied for a divorce because her husband tried to sell her with the stock of groceries to another foreigner. The deal fell through because the wife refused to be transferred along with the stock and fixtures to the other man. She says her husband has been abusing her ever since she queered the sale which prevented his going back to the old country.

ACCUSED COMMUNISTS WILL APPEAL CASES

CHICAGO, August 3. — William Bross Lloyd, wealthy Chicago "red," and his 19 fellow members of the Communist Labor party, were given their liberty today until Sept. 25 when they will take appeals from the jail sentences and fines imposed on them by a jury late last night for conspiracy against the United States government.

The cases had been on trial for three months. The sentences ranged from five years in the penitentiary to fines of $1,000.

FRANCE IS URGED TO OCCUPY RUHR DISTRICT

PARIS, August 3.—Former Premier Clemenceau's newspaper, L'Homme Libre, today urged France to occupy the Ruhr district (the chief coal fields of Prussia) unless Germany withdraws the reichswehr from the East Prussian frontier at Allenstein. The reichswehr were concentrated at Allenstein without permission from the allies, the German government claiming the movement was necessary to protect East Prussia from Russian invasion.

MOTHERHOOD WOMAN'S RIGHT

How Lydia E. Pinkham's Vegetable Compound Helps to Make Women Normal.

Washington, Ind.—"I was in such a condition that I never expected to have children and my aunt advised me to take Lydia E. Pinkham's Vegetable Compound. It improved my health and restored a normal condition of my system so that I now have a fine baby. Until she was about a year old I was very nervous, and all the time thinking something terrible was going to happen. If I heard anyone coming my heart would beat fast and I wanted to run. So I took the Vegetable Compound again and it helped me wonderfully. You may publish my letter as the medicine is surely great."—Mrs. Iva Banta, R. R. No. 4, Box 24, Washington, Ind.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is its ability to correct sterility in many cases. This fact is well established as evidenced by the above letter and hundreds of others we have published in these columns.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

WAR VETERANS' ANNUAL OUTING HERE TOMORROW

Several hundred visitors are expected to attend the first annual outing of the Veterans of Foreign Wars posts of East Liverpool and Chester to be held at Rock Springs Park, Wednesday.

Announcement has been made that Captain "Bobby" Woodside of Pittsburg, Pa., chief of staff of the national Veterans of Foreign Wars organization, will make the principal address of the day. The Pittsburg man, a former service man, when overseas with the 83rd division, "Ohio's Own." He is also a veteran of the Spanish-American war.

The park is in excellent shape for the picnic. The swimming pool was cleaned Monday and is now ready for use. With warm weather prevailing, it is expected that the pool will be a popular place for the visitors at Wednesday's affair.

An interesting program of field events, baseball and other features has been arranged for the day. There will be a morning and afternoon program with prizes for the winners.

DISTRICT G. O. P. MEET IN CHESTER TONIGHT

Delegates to represent this district at the West Virginia State Republican convention to be held at Wheeling on August 12, will be named at a mass meeting of Grant district Republicans to be held Tuesday evening in the I. O. O. F.-K. of P. building, Fifth street and Carolina avenue.

According to the apportionment, Hancock county is entitled to 14 delegates to the state meeting. Of this number eight will be from Grant district, three from Butler district, two from Clay district and one from Poe district. Butler and Clay districts are holding their meetings Tuesday afternoon, while the delegates from Grant and Poe districts will be named at rallies this evening. The Poe district meeting will be held in the town hall at Pughtown.

Delegates to the judical convention, also to be held in Wheeling on August 10, also will be selected at the various district meetings being held Tuesday. Call for the meetings was issued by Attorney Bert Brown of New Cumberland, chairman of the Hancock County Republican executive committee.

16 DISTRICTS FOR COTTAGE PRAYER MEETS

In Monday's edition of the Review the names of the chairmen in seven of the prayer meeting districts in Chester was inadventently omitted. The town has been sub-divided into sixteen districts for the prayer services which will be held semi-weekly beginning next Tuesday evening and continuing until the close of the revival campaign, to be conducted at East Liverpool by Evangelist Bob Jones.

The prayer services will be held during the evenings until the revival meetings start on Sept. 5. Between Sept. 5 and Oct. 3 they will be held during the morning hours. Mrs. C. F. Allison is chairman of the Chester district.

Here is a list of the chairmen of districts 10 to 16, inclusive:

District 10 — Lawrenceville; chairman, Mrs. Bert C. Williams, phone 1372-R.

District —Smith addition (including Panhandle avenue); chairman, Mrs. Oscar Sayre, phone 2282-J.

District 12—Mill addition; chairman, Mrs. Elizabeth John.

District 13 — Third to Ravine streets, north of railroad; chairman, Mrs. E. A. Durbin, phone 782-R.

District 14 — Second to Third streets, Virginia avenue to Railroad; chairman, Mrs. George E. Lewis, phone 778-J.

District 15—North of Virginia avenue to river, from Third street to Narrows; chairman, Mrs. Savage, phone 1973-R.

District 16—Phoenix avenue and Neptune avenue; chairman, Mrs. R. B Rawledge, phone 1078.

DEMOCRATS TO MEET AT NEW CUMBERLAND

Hancock county Democrats at meetings to be held Tuesday evening will name delegates to the state Democratic meeting to be held in Wheeling August 14. Four mass meetings will be held, one in each of the districts of the county.

In Grant district, the meeting will be held at the Chester city hall at 7:30 o'clock. Lawrence Baxter, member of the county executive committee, will preside.

The meeting in Poe district will be held in the Pughtown school house at 7:30 o'clock. The county commissioners' office in the temporary court house at New Cumberland has been selected as the place for the Clay district rally, while the Butler district convention will be held at the Holliday's Cove school.

As more than 900 votes were cast by the Democrats in Hancock county in the last presidential election, this county is entitled to nine delegates. Of this number four will be selected from Grant district two each from Butler and Clay districts and one from Poe district.

Attend Maple Family Reunion

A large delegation of Chester people left early Tuesday morning for Salineville, where the annual reunion of the Maple family is being held today. More than 300 friends and descendants of the family are present. Both dinner and supper are being served during the day.

Four Boys Arrested.

Four Chester boys, ranging in age from 12 to 14 years, faced Justice A. G. Allison Monday evening on a charge of trespassing and malicious destruction of property. The lads were apprehended on information furnished by Rock Springs park officials who alleged they had deliberately damaged the organ at the merry-go-round, while playing at the park during the latter part of last week.

The quartet admitted the charge, but were released with a small fine and their promise to make good the damage they had done.

SLANDER CASE HEARD BY JUSTICE ALLISON

Charges of slander, preferred by James Bonessi and James Ciccerelli, Carolina avenue fruit dealers, were heard before Squire A. G. Allison Monday evening.

Early Monday Bonessi filed a complaint, charging that Ciccerelli, who conducts a fruit store less than a 100 feet down the street, had injured his reputation by making false statements concerning him. When Ciccerelli learned of the warrant which had been preferred against him, he immediately filed a counter charge against the man who had caused his arrest.

When the case was heard a number of witnesses were called. At the suggestion of the court, both men agreed to adjust their differences.

EXPECT MORE ARRESTS IN ROPE THEFT CASE

Further arrests were expected Tuesday in connection with the railroad thefts which has been committed in Chester and Newell during the last few weeks.

Three Pennsylvania railroad detectives were in Chester this morning and it was rumored that additional warrants would be issued by Justice Allison. It was said that the authorities are in possession of the name of the young man who caused an obstruction to be placed across the Pennsylvania railroad tracks near the Finley brothers lumber mill several weeks ago. Only the timely discovery of the obstruction, by a passerby, averted what might have resulted in a serious wreck.

Board of Education Meeting

The regular monthly meeting of the Chester board of education was held Monday evening in the office of Superintendent of Schools W. W. Robinson.

Superintendent Robinson announced that practically all teaching positions in the local schools have been filled. The few positions yet open will be filled within the next week or two. The schools will reopen on Tuesday, September 7.

The interior of both the Central and Washington schools is being given a thorough overhauling during the summer vacation. A number of the desks and seats are being sandpapered and varnished and placed in first class condition before school is opened for the fall term.

E. LIVERPOOL LISTED AS PACKET LANDING

East Liverpool is listed as a regular packet landing among a group of downriver cities being painted upon the sides of the new wharfboat of the Independent Wharf Boat company in the Pittsburg, Pa., harbor.

The new wharf will act as an eastern terminal for practically all packets pyying the upper Ohio river.

The Massai have the finest physique of all African tribes.

TO SEEK VIEWS ON SHIP CANAL

Attitude of Chamber of Commerce Here Will Be Ascertained.

The East Liverpool Chamber of Commerce will be asked to submit its views on the proposed construction of a ship canal between the Ohio river and Lake Erie over the bed of the Beaver river to be presented along with a mass of similar data before the board of U. S. Engineers at a public hearing in Pittsburg, September 20, it was intimated Monday.

Requests for estimates on the amount of tonnage which would be going through the canal if it existed at present were sent to every manufacturer in the Pittsburg district. Business men, coal operators, laboring men and public officials from other sections affected were also asked to supply data.

In addition the views of all concerned are solicited to make a complete case for the Federal engineering board to pass on. Districts in touch commercially with the canal are Cleveland, Youngstown, Wheeling, Pittsburg and other points.

The interrogatories are intended to determine the amount of tonnage used in each industry or community which is transported by water and how much could be transported by the proposed canal.

The vegetation of Madascar is especially luxuriant.

BUG-OLOGY

What do you call them?

Bedbug (Cimex lectularius). The origin of the name bedbug is unknown, but is supposed to be naturally suggested as it is descriptive. There are many local names for these parasites, as for illustration, around Boston they are called "Chinches," from Baltimore comes the name "Mahogany Flat," in New York they are styled as "Red Coats," around Pittsburgh they are called "Pesky Devils," in Cincinnati and the South "Nightriders," in St. Louis and Chicago district "Crimson Ramblers," the great West "Pilgrims." The old saying, "the bedbug has no teeth, but they get there just the same," is correct. Instead of teeth they possess a piercing and suckling beak to draw and rob you of your blood for their own body.

Bedbugs, no matter what you may call them, or where they came from, science has found a way to rid them if you will use faithfully the new chemical Pesky Devils Quietus "P. D. Q." A 35c package makes one quart, enough to kill a million bedbugs, roaches, fleas, ants or cootles, and their eggs as well. P. D. Q. will not injure bedding, and each package contains a patent spout to enable you to get them in the hard-to-get-at-places. Impossible for Pesky Devils to exist where P. D. Q. is used.

MYERS HITTING 290 IN VIRGINIA

But Rocky Mount Club Trails the League—"Pick" Nally Starring In South Atlantic.

After five weeks with the Rocky Mount club in the Virginia League, Mahl Myers, who during the forepart of the season played ball with the Salem Mullins semi-professional club, is batting .290 according to word received by Jim Rigby several days ago.

If Myers had connected with any other club but the one he is with, his work might show up more brilliantly. As it is the value of his hitting is apt to become lost when the position of the Rocky Mount club in the league standing is considered. The club is now trailing the circuit hovering around the .280 mark. Petersburg is leading the league with a percentage of .647.

Jumping over to the South Atlantic league and to the Columbia club, of which Myers used to be a member, "Pick" Nally, of Toronto, outfielder, is doing some remarkable stick work.

In a recent game he was at bat six times, got on base six times, scored five runs, secured four safe hits, and stole five bases. He is credited with five "at bats" having been walked once.

TAD'S TID-BITS

FULTON CAN'T STAND THE ROUGH BOYS

After his showing with Wills the other night we're convinced that Fulton doesn't like them rough. Wills tore in from the tap of the gong, tossed the tall plasterer around a few times and traded lefts and rights.

Fulton backed away from the onslaughts, but smiled, as though he had his man measured. In the next two rounds Wills did the same thing, but instead of getting better Fulton slowed up.

The right hand uppercut he got wouldn't have killed a welter, yet Fulton took the old count as though he were dead.

The same thing happened when he fought Dempsey. A great many of the spectators that day failed to see the right hand punch that dropped Frederick, yet both he and Dempsey declare that it landed.

Before the fight the other night the writer saw Dempsey and asked him about Fulton.

"He's a good fighter," said Jack with a grin, "but he's scared of me. I think I'm poison to him. I'd like to take him on again just to prove it to the boys. He thinks he was double-crossed that day. Well, any old time that the people want to see us together I'm willing to start."

You tell 'em Principal, I have no interest in the matter.

Those moral aphorisms that point out every man's defects are like the disease symptoms we read in the patent medicine circulars—every man who reads them thinks he's got it.

Men used to go on the water wagon on January 1st every year. And they fell off regularly when they came to the "bruary" in February.

No matter how good a President we may have, he always has at least one Vice.

In these days of well-stocked cellars the advantages of getting in on the ground floor are obvious.

A scientist has discovered that a minute organism in the water we drink causes cancer. Well, what are we going to drink?

Would a grip full of liquor necessarily be a tight grip?

The reason Irvin Cobb or Ring Lardner did not accept the nomination was because they would rather write than be President.

What's the difference between a poker player and a burglar? Don't know? Why, one [illegible] or batter, the other with a jimmy.

NOTED GIRL SWIMMER LEARNS SCULLING

Miss Eleanor Smith at the oars.

Not contented with winning glory as a swimmer, Miss Eleanor Smith has taken to sculling now and hopes to win fame as an oarswoman. She and her twin sister, Ruth, equally famous in the water, have taken up shell racing as members of the Varuna Boat club, Gravesend Bay, N. Y.

Sport Brevities

The Yankees finally resorted to blasting to get out of their slump and it worked. Eleven hits, including two home runs and two doubles, enabled [illegible] to beat the White Sox easily, 14 to 3. Ruth was [illegible], making his total 38.

George Burns' pinch-hit in the 8th gave the Indians two runs, which enabled them to beat the Senators.

Nehf's pitching baffled the world's champions, while the Giants had an easy time finding Reuther.

Cravath demonstrated that he can still bust 'em in the pinches, but his hit wasn't enough to put the Phillies in front, the Cubs winning 4 to 2.

Hornsby, with a triple, double and a single, beat the Dodgers almost single-handed.

Free hitting enabled the Tigers to win from the Red Sox.

Scoring six runs after two men were out in the eighth enabled the Browns to come from far behind and win from the Athletics.

The Braves' errors gave a game to the Pirates.

French Champ Loses Bout.

NEW YORK, August 3. — Charles Ledoux, bantamweight champion of France, has won a host of new the popular decision to Joe Lynch of New York. After twelve gruelling rounds at Jersey City last night the honors went to the American, but the sturdy little Frenchman had given him such a tough battle that he was roundly cheered when he left the ring.

Jack Coombs, after serving time in both majors, says the American has more good players, altogether, but that the National has better pitching, and that the Brooklyn Club has a better pitching staff than any other club either major boasts.

LAWN TENNIS TITLE TOURNEY

William Tilden and Host of Net Stars At Forest Hills.

NEW YORK, August 3.—Interest of the tennis world centers on the east today with the opening of the national lawn tennis singles championship tournament at Forest Hills, L. I., only a month away. William T. Tilden II., the new world's champion, will lead a host of net luminaries from east and west to the courts of the West Side Tennis club for this event.

Announcement by the United States Lawn Tennis association that the team to represent America in its Davis cup matches with Australia will be chosen after the national championship is determined, has added zest to the matches to be played at Forest Hills. The title tournament opens August 30.

Julian S. Myrick, president of the association, today confirmed reports that a new team will be selected to meet Australia at Auckland, New Zealand, late in December. "The team will be selected on the merit of players in the coming eastern tournaments," he said, "There will be several changes. It all depends on the showing of the players."

Two East against West tournaments are also attracting interest. One, for women, will be held at Forest Hills September 9, 10 and 11, while the other, for men, is scheduled for the same dates at the Germantown Cricket club, Philadelphia. The Pacific Coast will send a galaxy of stars east for these events.

The Sutton sisters, Miss Eleanor Tennant, all of Los Angeles, and Miss Helen Baker, of San Francisco, have already been entered as the western team in the women's events. Miss Corinne Gould of St. Louis, it is said, may displace one of the quartet, however, before the matches are played. The eastern teams will be selected after the Forest Hills championship matches are played.

SILVER LEAFS TO CAMP THIS MONTH

Seventeen Members Expected to Spend Portion of August At Devil's Lake, Michigan.

Cherry Point, on Devil's Lake, near Manitou Beach, Michigan, is again the objective of approximately seventeen members of the Silver Leaf Camping club of this city, whose tents will be pitched there during the entire month of August.

Half a dozen members of the organization left here early Monday morning and, according to their schedule, should have the canvas stretched by this time. Two sleeping tents, a large fly over a cage-like construction of mosquito netting, the eating tent, and the kitchen, go to make up the quarters of the camp.

The location is ideal. It is situated on Cherry Point, a small bit of land jutting out into the waters of Devil's Lake, and in the back, surrounded by sheltering trees. Across the lake are cottages and at Manitou Beach, about a mile and a half from the camp, are various amusement devices for summer visitors. In spite of the large number of cottages and summer guests, however, the camp site is practically isolated from the rest of the district because of its location, making it a desirable place. The campers this month will likely be equipped with a motorized skiff and two "hand power" row boats. The fishing in Devil's Lake is excellent.

The following members of the organization will make the trip, some for two weeks, some for three and a few for the entire month: Neal Canavan, Slatz Smurthwaite, Fritz Unger, Ernie Apel, Joe McKinnon, York Grafton, Mox Uhlworm, Sam Bell, Dom Hester, Nate Roush, Fritz Sanford, Matthew Finley, Earl Greenawalt, Roy Paisley, Al Price, Gerald Osterhouse and Clyde Victor Hall.

Art Nehf and Rube Benton are two new papas on the Giants, children having been born to their wives within the past fortnight.

National League ball players have started a Cox-Roosevelt league, pledging themselves to work and vote for the Democratic national candidates.

Umpire Brick Owens, who has been on the shelf for a month with a cracked shoulder, has notified President Ban Johnson that he has recovered and is ready for work again.

Michael Boles, eight or ten years ago a catcher in the old Tri-State League, died at his home in Scranton on July 19 of a throat affection. He was 88 years of age and is survived by his wife.

The games of Tuesday, July 20, looked like old times in the Western League, every one being a free-hitting contest. Every team but one ran its hits up into double figures and 96 hits were made by the eight teams.

RED CROWN GASOLINE

Out Of the Frying Pan

Yes, literally out of the frying pan come an increasingly large number of fires. Burning grease caused $271,122 more loss in 1918 than in 1917. And that was nearly twice as much as in 1916. Something to think about, isn't it?

A little care will do much to prevent this alarming loss, but only a sound fire insurance policy can reimburse you if YOUR house feeds the flames.

LEGAL NOTICE—SALE OF BONDS

East Liverpool, Ohio, July 26th, 1920.

NOTICE is hereby given that sealed bids will be received until Twelve (12) o'clock noon City Time, on the 27th day of August, 1920 at the office of the Auditor of the City of East Liverpool, Ohio, for the purchase of the following bonds:

Bonds of the City of East Liverpool, Ohio in the amount of $50,000.00 same being known as River Road Improvement Bonds. Same bonds shall be numbered from one to fifty both inclusive, and each shall be in the sum of $1,000.00. They shall be dated July 1 1920, and shall be payable as follows: Ten of said bonds shall be due and payable on the 1st day of July, 1925, and the remaining bonds shall be due and payable, ten each year thereafter, in the order of their consecutive numbers until all of said bonds shall have been paid. Said bonds shall bear interest at the rate of Six (6) per cent per annum, payable on the 1st day of July, annually. Said bonds are issued for the purpose of paying the City's share of the cost and expense of improving the River Road in the City of East Liverpool, Ohio, from that point where it is paved with concrete, near the Thompson Pottery to that point on St. George Street where the same is paved with brick, and are issued under authority of the statutes of the State of Ohio, and in accordance with Ordinance No. 1718, of the City of East Liverpool, Ohio, passed on the 10th day of May 1920.

Bonds of the City of East Liverpool, Ohio in the amount of $20,000.00, same being known as Sewer District Number Three Bonds. Said bonds shall be numbered from one to twenty both inclusive, and each shall be in the sum of $1,000.00. They shall be dated July 1 1920, and shall be payable as follows: Five of said bonds shall be due and payable on the 1st day of July, 1927, and the remaining bonds shall be due and payable, five each year thereafter, in the order of their consecutive numbers until all of said bonds shall have been paid. Said bonds shall bear interest at the rate of Six (6) per cent per annum, payable on the 1st day of July, annually. Said bonds are issued for the purpose of paying the City's share of the cost and expense of improving Sewer District No. 3 by constructing therein a main line sewer from the Ohio River to Mulberry Street, and are issued under authority of the Statutes of the State of Ohio and in accordance with Ordinance No. 1726 of the City of East Liverpool, Ohio, passed on the 28th day of June, 1920.

A Bond of the City of East Liverpool, Ohio in the amount of $1,950.00, same being known as Sophia Street Bond. Said bond shall be numbered One, and shall be dated July, 1920, and shall be due and payable on the 1st day of July, 1921. Said bond shall bear interest at the rate of Six (6) per cent per annum payable on the 1st day of July, annually. Said bond is issued for the purpose of paying the City's share of the cost and expense of improving Sophia Street from Minerva Street to the Line of the Morton Property, and issued under authority of the Statutes of the State of Ohio, and in accordance with Ordinance No 1725, of the City of East Liverpool, Ohio passed on the 28th day of June, 1920.

Said bonds will be sold to the highest bidder or bidders for not less than par and accrued interest.

All bids must be non-conditional.

Said bids must be accompanied by a certified check, payable to the Treasurer of the City of East Liverpool, Ohio, for Five Per Cent (5 per cent.) of the amount of the bonds bid for, upon condition that if the bid be accepted the bidder will receive and pay for said bond or bonds as may be issued and above set forth within Ten (10) days from the date of award. Said check will be retained and cashed by said City if said conditon be not effected.

Bids will be received on any one, or all of the issues, each issue being independent of the others.

The right is reserved by the City of East Liverpool, Ohio, to reject any and all bids. Bids must be sealed and endorsed "Bids for City Bonds," and addressed to the Auditor of the City of East Liverpool, Ohio.

MAKES MILLIONS EASILY, QUICKLY

Charles Ponzi.

It was a cinch and all he needed was a little capital and an agent or two in Europe. So explains Charles Ponzi of Boston, who says he made $8,500,000 within a few months by buying in America depreciated foreign money. He exchanged the money in Europe, principally Italy, for postal receipts, cashing these back in this country. By international agreement the leading countries of the world honor at the normal rate of exchange a form of money order known as "International Reply Coupon."

MELLOTONE
Gives walls a rare charm

Lowe Brothers Mellotone is a flat oil paint that gives a deep, velvety finish to walls. Comes in a variety of delicate colorings, each soft as the rainbow tints. It enables you to duplicate all the subtle colorings of nature—so lovely to look at but so almost impossible to bring into the decorative schemes of your home. In short, with Mellotone you can bring the great outdoors indoors.

Its dull, rich colors furnish a perfect background for fine furniture and pictures. Has long lastingness and can be washed with soap and water.

We have some descriptive literature that will interest you. Come in and ask for it.

WHITACRE WITHDRAWS FROM RECORDER RACE

Because his connections with the machinists' union would not permit him to make an active campaign, Ernest U. Whitacre of Salem, candidate for the Republican nomination for county recorder at the August primaries, Tuesday announced his withdrawal from the race.

The county recordership now resolves itself into a six-cornered race, with the following candidates still in the field: John R. Reark, and George H. Cochrane, East Liverpool; L. H. Johnson, Lisbon; Joseph G. Thorpe, Washingtonville; Edwin Thomas, Winona, and Paul H. Smith, Elkrun towpship.

STATE'S SCHOOL FACE FINANCIAL STRINGENCY

Columbiana county's sixteen school districts seeking a three-mill levy at the August primaries are not the only political subdivisions of the state facing a financial stringency.

Five hundred and fifty-one county school districts and 13 exempted village districts will vote August 10 on the question of authorizing boards of education to make additional tax levies for school purposes, the state department of public instruction at Columbus has been advised.

ONE-MAN TYPE CARS FOR BEAVER LINE

Two of the five one-man type street cars to be operated by the Beaver Valley Traction company in Beaver county cities have been received by that company.

The cars were secured by the company at a cost of more than $30,000 and are of the latest model, known as the Safety car.

The new cars are more economical to operate than the present type and have safety devices consisting of a combination of air brakes, air operated doors and air sand distributors. The doors of the new cars are so arranged that they will not open until the car has come to a full stop and the car can not start again until the doors are shut. The car is operated by only one trainman, the passengers entering through the door at the front end of the car. Fares are dropped in a box similar to the ones on the present pay-as-you-enter cars.

Foulks to Make Address.

Attorney William S. Foulks will address a meeting of the Colored Republican club to be held in the Second Baptist church, Pennsylvania avenue, Friday evening.

Ball Player Injured.

W. Woods, East End ball player, suffered a badly split right hand as the result of an accident while practicing prior to a baseball game at Columbian park Monday afternoon.

Woods, who is one of the star players of the Oakland Athletics, was catching behind the bat during batting practice, when a foul tip caught him between the thumb and the fourth finger, tearing a deep gash in the palm of his hand. Dr. W. J. Grimes dressed the injury.

CHILD'S THUMB IS CAUGHT IN CUTTER

Mary, the nine-year-old daughter of Mr. and Mrs. L. W. Mays, sustained a badly crushed thumb when she stuck the member in the cogs of a feed cutter which her brother was operating in the yard of the family home near the No. 9 school house Monday afternoon.

The little girl was standing near the machine helping her brother when the accident occurred. Before the boy could stop the machine the finger was ground off to the first joint.

Dr. W. J. Grimes administered medical attention. The physician stated he thought it would be necessary to amputate the whole finger.

P. H. C. TEAM TO PLAY OAKLAND A. C. TONIGHT

The Oakland Athletics will line up against the P. H. C. baseball team of Wellsville at Columbian park Tuesday evening. The Oakland team is making a strong bid for the city championship, having won 24 out of 26 games played this season. The East End boys have been defeated by the Newell team and Chester Athletics. However, the Oakland lads won return games.

The game between the Oakland team and the Newell Hy-Kys, scheduled to be played last evening, was cancelled when the visitors failed to put in an appearance. Manager Dickey, of the Newell aggregation, stated Tuesday that he had made every effort to locate the East End manager on the phone in order to notify them that the game was off. Several hundred fans who had gone to the park to witness the game were disappointed.

SEEK MAN IN AN ATTEMPTED ABDUCTION

No clue had been found Tuesday to the identity of the man who attempted to abduct Virginia Walker, 11-year-old daughter of Mr. and Mrs. A. R. Walker, of Pennsylvania avenue, East End, Monday afternoon.

According to the story of the girl and her companions, they were in the woods a short distance up Leak Hollow, looking for berries, when the stranger, who was riding a horse, stopped and asked several of the girls if they wanted a ride. When none of the children took advantage of the invitation, the man reached down and picked the Walker child up and rode swiftly away with her.

The girls' companions ran to the Walker home and told the father of the affair. Mr. Walker followed in the direction taken by the horseman, overtaking him after a long chase. The father grasped the child from the man and was about to grab the bridle on the horse when the man spurred the horse and disappeared in the woods. The girl was unhurt.

A complete description of the man was given to the police.

WILLIAM FOX presents
GLADYS BROCKWELL
IN
Flames of the Flesh
Story of a New England puritan who shocked gay Paris
BY FORREST HALSEY
DIRECTED BY EDWARD J. LE SAINT

In this photodrama Gladys Brockwell plays the part of Candace, a girl possessing a dual character, that of an innocent, loving self-sacrificing Puritan maid, and a daring courtesan, the pet of Parisian cafes, who seeks revenge on all men for the wrong done her by one man. The action of the play is intensely dramatic.

Tense Moments of Play

When Candace discovers herself in the power of a designing hypocrite.

When Candace, the witch girl, drinks a toast—"To Hell and the men who fill it."

When Charles damns his brother for attempting to save him from the clutches of a courtesan.

When Candace chooses between her thirst for revenge and love, only to find—Death.

When Bruce realizes his father is guilty of a terrible crime.

When, to save the man she loves, Candace drinks a fatal potion.

When, amid the gayest company Paris can produce, death strips Bruce of his all.

"Wallys" the most exasperatin' cus ye ever seen; nothin' to him but a pair of jazz feet and a lotta crazy caperin' goin's on with a girl—Bebe Daniels. Just "The Dancin' Fool," that's what his uncle Enoch calls "Ves" Tibble. Just because he went out and got a $200 a week job in a cabaret so he could work in Uncle's ancient jug factory at $6 per, and "Ves" got so goldarned mad at his Uncles words he turned the decayed jug works into a rip-roaring success.

He was just a lonesome small town guy trying to sell jugs in New York. One night while passing a little cabaret he smelled fresh country eggs a cooking.

A regular meal—a regular girl. Then the dancin' fool landed and the business won on jazz. Remember only 2 more days to see "The Dancin' Fool."
